**APPEAL**

Dear Parents/ Alumni/Stakeholders,

It is a great initiative that DAVCMC has launched [c19sos.org](http://c19sos.org) to provide COVID-19 resources, information and support to the DAV community (Parents, / Alumni/staff/students).

The COVID- 19 pandemic has affected us deeply. However, some of us have been fortunate enough to escape the wrath of the pandemic. The school sincerely appeals to all such people to come forward to support those, who urgently in need of help. Persons willing to extend support can register as volunteers through the portal [c19sos.org](http://c19sos.org)

People who have been vaccinated can help in a variety of ways like transporting oxygen cylinders and other necessary equipment, delivering food and essential items to those who cannot step out of their homes, tending to the ailing, especially elderly people and those alone etc. You are also requested to let the school authorities know about any death in the families of students so that the school can extend help to alleviate the grief and suffering of the kith and kin of the deceased.

We would like to inform you that this portal has no facility for monetary exchange.
