

Observation of - Green School Drive (05.09.2018)

Objective :-

1. The drive is undertaken to make the environment neat, clean & green.
2. Create sensitization & awareness among students and through them to the common people.

Execution :-

Under the competent guidance & supervision of the Principal the drive was carried out. Active & energetic students showed praise worthy participation. Around 90 Herbal plants and saplings were planted. Prior to this every nook & corner was cleaned properly in order to make it suitable for planting them. Students flashed the placards bearing the slogans of environmental protection & cleanliness. Under the banner of the Eco – club several others tree – plantation drive & sensitization programs have already been conducted.

Conclusion :-

Satisfactory accomplishment of the task enabled the pupils to absorb the essence of Swachhata Pakhwada. They were motivated & sensitized immensely to be the upcoming stalwards to protect the mother Earth.

A workshop on reuse of waste material was conducted on 5th sep. 2018 on the occasion of Swachhata Pakhwada . In this workshop,the students were taught how to prepare newspaper bags , cloth bags out of old jeans , shrug and jackets out of old waster material , piggy bank out of old bottles . The students were motivated to use biodegradable materials rather than non-biodegradable materials such as plastic bags .The workshop got successfully accomplished under the supervision of Mr. Prabir Ku. Mishra , Miss Arijita Dasgupta and Mr. Debasis Das .
